## ICEBERGS IN STRAITS.

So Reports Skipper of Salt  
Banker Arabia.

Weather Fine However and Fish  
Had Been Plentiful.

The salt banker Arabia of this port was at Trinity, N. F., on July 26. Her captain reported that he had been fishing in the Straits of Belle Isle. Icebergs were numerous there, but they had had fine weather, with no fog and fish had been plentiful. The Arabia had used two caplin baitings and had 2700 quintals of salt fish on board. The captain reported that the other vessels which were fishing up that way were doing well.

## Newfoundland Appointment.

Mr. William Mair is to become superintendent of fisheries for Newfoundland by virtue of a provision made for this purpose by the legislature at the last session, when a sum of \$1500 a year was voted towards the salary of such an official and left by Allan steamer from Liverpool July 26. The government has been in correspondence for the past few months with the Scotch Fishery Board as to securing a suitable man and Mr. Mair has been chosen. He has been for a number of years chief fishery inspector of Scotland and would retire next season upon reaching the age limit. He has accepted a five years' engagement with Newfoundland at \$1750 a year.

## FINE OUTLOOK.

For the Salt Bankers on Their  
Second Trips.

Bait Plently on the Grounds and  
Fishing Good.

From all appearances the salt bankers will do well on their second trips, and conditions have not been so promising for second trips in this branch of the fishery for some time. Last year there was a great scarcity of bait and fish and the fleet as a whole did poorly on their second trip, but this year squid are reported plentiful on Grand Bank and fishing is reported good on the Flemish Cap and also in the Gulf of St. Lawrence and other well known fishing spots. As the demand for salt cod is good, there is reason to believe that the present fine prices for salt bank cod will be at least maintained.

## FINE STOCK.

Capt. Alfred Johnson Keeps Up His  
Big Record.

Sch. Lelia E. Norwood, Capt. Alfred Johnson, stocked \$3800 as the result of her recent Georges halibut trip. This is one of the largest stocks made in this fishery this year, but is only in keeping with the good work which this grand man of international reputation has been doing for several seasons.
